SUBJECT INDEX

In general, subject headings are based on the National Library of Medicine's Medical Subject Headings (MeSH). A few additional headings are used for greater specificity in the psychiatric field.

Access to health care

AIDS-related services and training in outpatient mental health care agencies in New York, Sept 1225-1228

Availability and performance of psychiatric acute care facilities in California from 1992 to 1996, Nov 1453-1460

Balancing efficiency and need in allocating resources to the care of persons with serious mental illness, May 664-666. Also see *The cost of not treating serious mental illness* (letter), Aug 1087-1088

Bringing mental health services into the offices of primary care physicians, Nov 1484-1485

CSAT releases guide for developing substance abuse treatment services for women in US jails and prisons, Oct 1373

Development of a vertically integrated program of services for persons with schizophrenia, July 931-935

HIV and people with serious mental illness: the public sector's role in reducing HIV risk and improving care, May 648-652

Initiatives for improving mental health services to ethnic minorities in Australia, Sept 1229-1231

Mental health issues for Asian Americans, June 774-780

A note about the papers on care of the least well off in mental health services, May 655

The obligation of mental health services to the least well off, May 659-663

The prevalence of low literacy in an indigent psychiatric population, Feb 262-263

Principles for priority setting in mental health services and their implications for the least well off, May 653-658

Services to families of adults with schizophrenia: from treatment recommendations to dissemination, Feb 233-238

Treating the least well off (letters, replies), Feb 268-269

Acquired immune deficiency syndrome (AIDS)

AIDS-related services and training in outpatient mental health care agencies in

New York, Sept 1225-1228
Cognitive-behavioral group therapy with medication for depressed gay men with AIDS or symptomatic HIV infection, July 948-952
HIV and people with serious mental illness: the public sector's role in reducing HIV risk and improving care, May 648-652
HIV risk factors among people with severe mental illness in urban and rural areas, Apr 556-558
NMS and HIV (letter, reply), Apr 564
Psychiatric patients and HIV (datapoints), Apr 487

Acupuncture

Acupuncture and psychiatry (innovative ideas), Feb 288
Acupuncture in psychiatry (letter), Jan 117

Adolescents. See Child psychiatry, adolescent psychiatry

Advance directives

Advance directives for mental health treatment, July 919-925. Also see Advance directives (letters), Sept 1232-1233

Affective disorders. See Mood disorders

Alcohol-related disorders, treatment.

Also see Comorbidity; and Substance-related disorders, treatment
Anxiety disorders among abstinent alcohol-dependent patients, Oct 1359-1361
Attitudes of AA contact persons toward group participation by persons with a mental illness, Aug 1079-1081
A brief review of moonshine use (letter), Aug 1088
CSAT consensus panel supports expanded use of naltrexone for treatment of alcohol dependence, Mar 437
Predicting outcome of inpatient detoxification of substance abusers, June 813-817

Algorithms

The Texas medication algorithm project: development and implementation of the schizophrenia algorithm, Jan 69-74. Also see The schizophrenia algorithm (letters, reply), May 703-704, and Clozapine in schizophrenia (letter, reply), Aug 1087

Alopecia

Divalproex-induced alopecia: a case report (letter), Nov 1500

Alternative medicine

Acupuncture and psychiatry (innovative ideas), Feb 288
Acupuncture in psychiatry (letter), Jan 117
Herbal medicines as a factor in delirium (letter), July 969-970

Alzheimer's disease

Alzheimer's disease and its management in the year 2010, Sept 1173-1177

Ambulatory care. See Outpatient treatment

American Psychiatric Association

APA practice guideline on treatment of delirium outlines psychiatric management tasks, presents treatment options, May 716-717
Daniel Blain: founder of this journal, Dec 1563
Daniel Borenstein is chosen APA president-elect; Allan Tasman to succeed Rodrigo Muñoz as APA president, Apr 575
The first APA Mental Hospital Institute: a reminiscence, Nov 1486-1488
Former APA medical director Walter Barton dies, Mar 437
Highlights of the 1998 Institute on Psychiatric Services: issues in public-sector managed care, Jan 15-20
Psychiatrists, congressman, NIDA receive distinguished service awards during APA meeting in Washington, D.C., June 847-849

American Psychiatric Association Achievement Awards

Gold Award: Prevention of jail and hospital recidivism among persons with severe mental illness: Project Link, Department of Psychiatry, University of Rochester, Rochester, New York, Nov 1477-1480
Gold Award: The wellspring of the clubhouse model for social and vocational adjustment of persons with serious mental illness: Fountain House, New York City, Nov 1473-1476
Significant Achievement Award: Bringing mental health services into the offices of primary care physicians: Hamilton-Wentworth Health Service Organization Mental Health Program, St. Joseph's Hospital, Hamilton, Ontario, Nov 1484-1485
Significant Achievement Award: Inpatient care for children and adolescents with psychosomatic disorders: the Comprehensive Pediatric Care Unit of the Lucile Salter Packard Children's Hospital at Stanford University, Nov 1482-1484
Significant Achievement Award: Preventing violent incidents in a maximum-security forensic psychiatric hospital: Clinical Safety Project, Atascadero (Calif) State Hospital, Nov 1481-1482

Amnesic syndrome

Amnesic syndrome presenting as malingering in a man with developmental disability (unusual case report), July 966-968

Antipsychotic agents

Novel antipsychotic medications in the treatment of children and adolescents

(psychopharmacology), Feb 171-174
A review of the effects of nicotine on schizophrenia and antipsychotic medications, Oct 1346-1350

Anxiety disorders

Anxiety disorders among abstinent alcohol-dependent patients, Oct 1359-1361
Anxiety disorders among African-American and white primary medical care patients, Mar 407-409
Prescription patterns for mood and anxiety disorders in a community sample (datapoints), Dec 1557
Quality-of-life changes among patients with obsessive-compulsive disorder in a partial hospitalization program, Mar 412-414

Assaults. See Violence, aggression

Attention deficit disorder

ADHD in adult psychiatric outpatients (letter), May 705
Attention-deficit hyperactivity disorder subject of new consensus statement from National Institutes of Health, Feb 279
Practical guidelines for the treatment of substance abusers with adult attention-deficit hyperactivity disorder (alcohol & drug abuse), Aug 1001-1003

Attitude

A survey of psychiatrists' attitudes toward electroconvulsive therapy, Feb 264-265
Views about treatment among parents of adolescents who received electroconvulsive therapy, May 701-702

Behavior therapy

Adverse effects of poor behavior management of an inpatient's difficult behaviors (unusual case report), July 964-966. Also see A flawed study design? (letter, reply), Dec 1639-1640
The impact of a token economy on injuries and negative events on an acute psychiatric unit, July 941-944

Bipolar disorder

Can psychiatry learn from tuberculosis treatment? (taking issue), Nov 1389
Health care utilization and costs among patients treated for bipolar disorder in an insured population, Oct 1303-1308
The high costs of care for four patients with mania who were not compliant with treatment (economic grand rounds), Dec 1539-1540, 1542
In good hands? (personal accounts), Oct 1279-1280
A review of bipolar disorder among adults, Feb 201-213
Satisfaction with managed care among persons with bipolar disorder (datapoints), June 751
Symptoms predicting inpatient service use among patients with bipolar affective disorder, June 806-812

Book reviews. See Reviews, books

Business information for readers

Jan 8, Feb 156, Mar 296, Apr 448, May 590, June 730, July 862, Aug 996, Sept 1114, Oct 1258, Nov 1390, Dec 1530

Calendar

Jan 30,52, Feb 162,196, Mar 304,320, Apr 470,492, May 608,638, June 750,752, July 878,888, Aug 1000,1014, Sept 1122, 1144, Oct 1260,1292, Nov 1396,1408, Dec 1558,1564

Canada, health care system

Canada: a kinder, gentler health care system? (managed care), Apr 489-491

Caregivers. Also see Family

Helping parental caregivers and mental health consumers cope with parental aging and loss, Mar 369-375

Patterns of family caregiving and support provided to older psychiatric patients in long-term care, Sept 1222-1224

Siblings of adults with mental illness or mental retardation: current involvement and expectation of future caregiving, Sept 1214-1219

Case management, hospital based or community based

An ACT program for co-occurring disorders (letter), Dec 1640

Case managers' and clients' perspectives on a representative payee program, June 781-786

Clinicians' and clients' perspectives on the impact of assertive community treatment, Oct 1331-1340

Employment outcomes for clients with severe mental illness in a PACT model replication, Jan 104-106

Fidelity to assertive community treatment and client outcomes in the New Hampshire dual disorders study, June 818-824

Measuring client satisfaction with assertive community treatment, Apr 546-550

Substance use and assignment of representative payees, Jan 95-98

Case management, insurance or third party. See Managed care programs

Child abuse; child abuse, sexual

Child abuse reporting laws: time for reform? (law & psychiatry), Jan 27-29

Effects of group treatment for women with a history of childhood sexual abuse, May 686-692

Hallucinations, delusions, and thought disorder among adult psychiatric inpatients with a history of child abuse, Nov 1467-1472

Child psychiatry, adolescent psychiatry

Child psychiatrists as leaders in public mental health systems: two surveys of state mental health departments, Dec 1591-1595

Demographic and clinical characteristics of emotionally disturbed children being raised by grandparents, Nov 1496-1498

Experience with a rural telepsychiatry clinic for children and adolescents, Feb 260-261

Gambling behavior in youths: why we should be concerned (alcohol & drug abuse), Feb 167-168

Inpatient care for children and adolescents with psychosomatic disorders, Nov 1482-1484

Mental health capitation for children and adolescents under Medicaid (economic grand rounds), Feb 189-191

Mental health services for children in the first two years after the 1995 Oklahoma City terrorist bombing, July 956-958

NAMI survey details problems faced by parents of children and adolescents with severe mental disorders, Oct 1372-1373

1998 household survey on drug abuse finds decreases in illicit drug use in overall population and among youth, Nov 1509-1510

Novel antipsychotic medications in the treatment of children and adolescents (psychopharmacology), Feb 171-174

Relationship between maternal church attendance and adolescent mental health and social functioning, June 799-805

A survey of contact with offspring and assistance with child care among parents with psychotic disorders, Oct 1354-1356

Two best-practice guidelines focus on assessment and treatment of adolescents at risk for substance abuse, Apr 575-576

Use of illicit drugs by eighth-, tenth-, and 12th-graders declined in 1998, annual federally funded survey shows, Feb 280

Views about treatment among parents of adolescents who received electroconvulsive therapy, May 701-702

Chronic patients

Balancing efficiency and need in allocating resources to the care of persons with serious mental illness, May 664-666

Also see The cost of not treating serious mental illness (letter), Aug 1087-1088

Case managers' and clients' perspectives on a representative payee program, June 781-786

Characteristics and perceived needs of mothers with serious mental illness, Oct 1357-1359

Clinical characteristics and service use of persons with mental illness living in an intermediate care facility, Oct 1341-1345

Clinicians' and clients' perspectives on the impact of assertive community treatment, Oct 1331-1340

Community-based long-term care for older persons with severe and persistent mental illness in an era of managed care, Sept 1189-1197

Community treatment of severely mental-

ly ill offenders under the jurisdiction of the criminal justice system: a review, July 907-913

Comparison of outcomes of acute care in short-term residential treatment and psychiatric hospital settings, Mar 401-406

Consumer perceptions of involuntary outpatient commitment, Nov 1489-1491

Criminal victimization of persons with severe mental illness, Jan 62-68. Also see Medication compliance (letter, reply), Apr 566-567

The educational needs of families of mentally ill adults: the South Carolina experience, Apr 520-524

Effects of clozapine for non-treatment-resistant patients with schizophrenia, Jan 101-103

Employment and disability (letter), Dec 1640

Employment outcomes for clients with severe mental illness in a PACT model replication, Jan 104-106

Estimating net effects and costs of service options for persons with serious mental illness (economic grand rounds), June 735-738

Family and client perspectives on alternative residential settings for persons with severe mental illness, Apr 509-514

Fidelity to assertive community treatment and client outcomes in the New Hampshire dual disorders study, June 818-824

Health care utilization by persons with severe and persistent mental illness, Apr 559-561

Helping parental caregivers and mental health consumers cope with parental aging and loss, Mar 369-375

HIV and people with serious mental illness: the public sector's role in reducing HIV risk and improving care, May 648-652

HIV risk factors among people with severe mental illness in urban and rural areas, Apr 556-558

The impact of closing a state psychiatric hospital on the county mental health system and its clients, Oct 1297-1302

Intensity and continuity of services and functional outcomes in the rehabilitation of persons with schizophrenia, Feb 248-256

Interactive groups for psychoeducation (innovative ideas), Feb 288

Life expectancy and causes of death in a population treated for serious mental illness, Aug 1036-1042

Measuring client satisfaction with assertive community treatment, Apr 546-550

A naturalistic study of risperidone maintenance treatment of outpatients with severe mental illness, Aug 1084-1086

A note about the papers on care of the least well off in mental health services, May 655

The obligation of mental health services to the least well off, May 659-663

Patterns of family caregiving and support provided to older psychiatric patients in long-term care, Sept 1222-1224

Predictors of residential independence among outpatients with schizophrenia, Apr 515-519

Prevention of jail and hospital recidivism among persons with severe mental illness, Nov 1477-1480

Principles for priority setting in mental health services and their implications for the least well off, May 653-658

Procedures to share treatment information among mental health providers, consumers, and families, Oct 1321-1325

Psychosocial rehabilitation services in community support systems: a review of outcomes and policy recommendations, Apr 525-534

Public-sector managed behavioral health care: II. contracting for Medicaid services: the Massachusetts experience (managed care), Jan 39-41

Quality of life, loneliness, and social contact among long-term psychiatric patients, Jan 81-84

Reduced life expectancy and serious mental illness (taking issue), Aug 995

Rehabilitation program at a VA medical center (innovative ideas), Feb 288

Services to families of adults with schizophrenia: from treatment recommendations to dissemination, Feb 233-238

Siblings of adults with mental illness or mental retardation: current involvement and expectation of future caregiving, Sept 1214-1219

State policy and funding of services to families of adults with serious and persistent mental illness, Apr 551-553. Also see Correction (sentence correction), June 824

Subgroups of frequent users of an inpatient mental health program at a community hospital in Canada, Feb 244-247

A survey of contact with offspring and assistance with child care among parents with psychotic disorders, Oct 1354-1356

Teaching fundamental workplace skills to persons with serious mental illness (rehab rounds), Sept 1147-1149, 1153

A therapy group on spiritual issues for patients with chronic mental illness, Aug 1081-1083

Treating substance abuse among patients with schizophrenia, Jan 75-80

Two-year outcomes of psychosocial rehabilitation of black patients with chronic mental illness, Apr 535-539

The wellspring of the clubhouse model for social and vocational adjustment of persons with serious mental illness, Nov 1473-1476

Clozapine

Clozapine and hospitalization (letter, reply), Jan 114-116

Clozapine and suicide (letter, reply), Jan

116-117

Cognitive-behavioral therapy and clozapine for clients with treatment-refractory schizophrenia (rehab rounds), July 901-904

Effects of clozapine for non-treatment-resistant patients with schizophrenia, Jan 101-103

Weight gain among patients on clozapine (letter), May 704-705

Cocaine

Cocaine and methamphetamine abuse are primary focus of new guidelines for treating stimulant use disorders, Aug 1099-1100

Cognition, cognitive symptoms

Cognitive modifiability as a measure of readiness for rehabilitation (rehab rounds), Nov 1411-1413, 1419

Hallucinations, delusions, and thought disorder among adult psychiatric inpatients with a history of child abuse, Nov 1467-1472

Cognitive therapy

Cognitive-behavioral group therapy with medication for depressed gay men with AIDS or symptomatic HIV infection, July 948-952

Cognitive-behavioral therapy and clozapine for clients with treatment-refractory schizophrenia (rehab rounds), July 901-904

Commitment, involuntary

Combating stigma by providing treatment (taking issue), June 729

Community treatment of severely mentally ill offenders under the jurisdiction of the criminal justice system: a review, July 907-913

Consumer perceptions of involuntary outpatient commitment, Nov 1489-1491

Evaluation of compulsory ambulatory treatment in Israel, May 698-700

Involuntary first admission of patients with schizophrenia as a predictor of future admissions, Aug 1049-1052

Sexual predators and the abuse of psychiatry (taking issue), Mar 295

Community mental health services

The Americans With Disabilities Act and community-based treatment law (law & psychiatry), Apr 473-474, 480

A collaborative community-based treatment program for offenders with mental illness, Dec 1614-1619

Can psychiatry learn from tuberculosis treatment? (taking issue), Nov 1389

Clozapine and suicide (letter, reply), Jan 116-117

Cognitive-behavioral therapy and clozapine for clients with treatment-refractory schizophrenia (rehab rounds), July 901-904

Cognitive modifiability as a measure of readiness for rehabilitation (rehab rounds), Nov 1411-1413, 1419

Development and validation of a measure of patients' knowledge about schizophrenia, Apr 561-563

Development of a vertically integrated program of services for persons with schizophrenia, July 931-935

Direct cost of care for patients with schizo-

phrenia treated with haloperidol in an emergency unit (economic grand rounds), Oct 1287-1288

Effects of clozapine for non-treatment-resistant patients with schizophrenia, Jan 101-103

Health and self-care practices of persons with schizophrenia, June 827-829

The importance of psychotherapy in remission and relapse (personal accounts), June 745, 749

Intensity and continuity of services and functional outcomes in the rehabilitation of persons with schizophrenia, Feb 248-256

Involuntary first admission of patients with schizophrenia as a predictor of future admissions, Aug 1049-1052

Older patients with schizophrenia: challenges in the coming decades, Sept 1178-1183

Optimal treatment for psychosis in an international multisite demonstration project (rehab rounds), May 615-618

Parenting and adjustment in schizophrenia, Feb 239-243

Prediction of homelessness within three months of discharge among inpatients with schizophrenia, May 667-673

Predictors of residential independence among outpatients with schizophrenia, Apr 515-519

Psychopathy and violent behavior among patients with schizophrenia or schizoaffective disorder, June 787-792

A randomized controlled study of two styles of group patient education about schizophrenia, July 926-930

A review of the effects of nicotine on schizophrenia and antipsychotic medications, Oct 1346-1350

Services to families of adults with schizophrenia: from treatment recommendations to dissemination, Feb 233-238

The Texas medication algorithm project: development and implementation of the schizophrenia algorithm, Jan 69-74. Also see The schizophrenia algorithm (letters, reply), May 703-704, and Clozapine in schizophrenia (letter, reply), Aug 1087

Treating substance abuse among patients with schizophrenia, Jan 75-80

Treatment compliance in first-episode schizophrenia (letter), July 970-971

Weight gain among patients on clozapine (letter), May 704-705

Seclusion

Federal Medicare agency issues new regulations on use of restraints and seclusion with psychiatric patients, Aug 1098

Legislation to regulate use of restraints and seclusion in mental health facilities introduced in Congress, May 715-716

Seclusion and restraint: Congress reacts to reports of abuse (law & psychiatry), July 881-882, 885

Self-mutilation

Female genital self-mutilation (letter),

July 971. Also see Genital self-mutilation (letter, reply), Oct 1362-1363

Semantics

The depersonalization of health care (emergency psychiatry), Mar 327-328. Also see The doctor-patient relationship (letter), Sept 1233

Serotonin agents

Modeling the pharmacoeconomic cost of three selective serotonin reuptake inhibitors, Oct 1351-1353

Sex offenders

Are sex offenders treatable? A research overview, Mar 349-361. Also see A mischaracterization (letter, reply), June 835-836

Sexual predators and the abuse of psychiatry (taking issue), Mar 295

Sexual dysfunction

Sildenafil for women patients with antidepressant-induced sexual dysfunction, Aug 1076-1078

Sildenafil

Sildenafil for women patients with antidepressant-induced sexual dysfunction, Aug 1076-1078

Sleep disorders

Zolpidem for insomnia related to PTSD (letter), Mar 421

Smoking, smoking cessation

Obligatory cessation of smoking by psychiatric inpatients, Jan 91-94

A review of the effects of nicotine on schizophrenia and antipsychotic medications, Oct 1346-1350

Social and living skills

Clarifying the scope of occupational therapy (letters, reply), Mar 418-421

Psychosocial rehabilitation services in community support systems: a review of outcomes and policy recommendations, Apr 525-534

Teaching fundamental workplace skills to persons with serious mental illness (rehab rounds), Sept 1147-1149, 1153

Social environment

Quality of life, loneliness, and social contact among long-term psychiatric patients, Jan 81-84

Social Security. Also see Medicaid, Medicare

Termination of Social Security benefits among Los Angeles recipients disabled by substance abuse, July 914-918

What should we expect from drug abusers? (taking issue), July 861

Somatiform disorders

Inpatient care for children and adolescents with psychosomatic disorders, Nov 1482-1484

Staff issues, relationship, roles; staffing
